Attention: Chemical Right-to Know Program

I am in receipt of Mr. Charles M. Aver's letter of 12 April 2004 in regard to the HPV program on chemicals CAS #764-41-0 and CAS #1653-19-6.

The International Institute of Synthetic Rubber Producers, Inc. (IISRP) is the Consortia responsible for both materials, however, they were transferred to the ICCA in late 1999 or early 2000. This information was conveyed to Karen Hoffman via email, but unfortunately I can not find the supporting documentation.

However, I have downloaded the attached from the EPA HPV website which clearly indicates both chemicals have been referred to the ICCA.

Please advise me of what action is needed to resolve the issue.

Sincerely,

James L. McGraw
Managing Director & CEO
IISRP
